

## Press release

**18<sup>th</sup> September 2015**

**Talbot and Muir increase their support of Barnardo's with the launch of an annual 5 a side tournament.**

---

**Talbot and Muir, the specialist self invested personal pension (SIPP) and small self administered scheme (SSAS) provider have been supporting Barnardo's for 3 years and have now launched an annual 5 a side tournament to increase fund raising for the children's charity.**

Talbot and Muir are sponsoring the tournament and providing a trophy for the winners. The tournament will take place at a local sports centre near their office in Nottingham but may need to move to a bigger venue next year because of the interest it has attracted. Support from local companies has been outstanding with all 10 teams signing up in record time. Teams include Wren Sterling, PKF Cooper Parry, Brewin Dolphin and Paragon Law as well as Talbot and Muir.

Graham Muir, Director, Talbot and Muir says "We are proud to have supported the work of Barnardo's for many years now - a couple of years ago I ran the London Marathon on their behalf. The tournament gives the chance for the whole company to get involved in the fund raising efforts including rival teams from our own SIPP and SSAS departments.

"Our support of Barnardo's is not just this single event, we hold raffles and other smaller events throughout the year. We already have further fund raising activities planned for 2016 and our Director Claire Trott will be doing a charity run/walk from London to Brighton with all the money raised going to Barnardo's. We are supporting her wholeheartedly in this endeavour because it is clearly a big challenge to take on. She will need all the encouragement she can get so we have already pledged £500 to get her fund raising off to a good start."

Although the football tournament is already fully booked for this year if you want to enter a team for the next event drop a line to Helen Carr at Talbot and Muir on [Helen.carr@talbotmuir.co.uk](mailto:Helen.carr@talbotmuir.co.uk)

## Notes to Editors:

Formed in 1993 initially as a specialist SSAS provider, Talbot and Muir is a high quality independent provider of SIPPs and SSAS products distributed via financial advisers. Talbot and Muir entered the SIPP market in 2000 in response to a growing need for tailored solutions for their clients who wanted something other than “insurance company mentality”. The aim is to provide a personal and professional service to all advisers and their clients, with access to all levels in the business from named administrators to the principals of the company.
