Getting started

An adviser recommends a SIPP for a client. The client has three pension funds, with other providers, which will all be transferred as cash. In this scenario, the client's adviser is happy to facilitate the transfer, which means that they have requested pension discharge forms from the current providers and, once received, sends them off to the new scheme administrator.

The SIPP administrator establishes the Simple Retirement Account. Within a short period of time the other providers transfer their funds to the administrator, who deposits them into the SIPP bank account. The administrator tells the adviser when each fund has been transferred. Once the last one has arrived the adviser implements the investment strategy they have agreed with their client.

What would the costs be for this?

Initial costs	
SIPP establishment	Nil
Transfer in – adviser handling the forms	Nil
SIPP annual administration fee – in advance	£250
Total	£250
Ongoing costs	
SIPP annual administration fee	£250
Total per annum	£250

Taking benefits

After several years, the client decides to start drawing benefits from their SIPP. They decide to take their maximum allowed Pension Commencement Lump Sum along with an income, paid monthly. This is known as withdrawing income via Flexi-Access Drawdown.

What would the costs be for this?

Initial costs	
Establishing 1 st tranche of Flexi-Access Drawdown	£125
Annual Drawdown charge	£150
Total	£275
Ongoing costs	
Additional tranche brought into Flexi-Access Drawdown	£75
SIPP Annual administration fee	£250
Annual drawdown charge	£150
Total per annum	£400

Frequently asked questions

Pension administration

What are the establishment fee and annual fee for?

The establishment fee covers the creation of the SIPP, including verification that our application form is fully completed and signed (including correct anti-money laundering identification) and processing any initial contributions including the reclaim of tax where appropriate.

The annual fee includes the preparation of the reconciled annual statement, regular reconciliations during the year and fulfilling all regulatory requirements including all general communications.

No fees will be refunded in part or full when a transfer out is initiated. This includes but is not limited to establishment, annual and income facility fees. Should the member decide not to proceed with the SIPP once it has been established, the establishment fee is still payable.

How do the contribution fees work?

There are no fees for any contributions made at the point of the SIPP being established, whether they be single or establishing regular contributions by standing order. Once the SIPP has been established, a separate fee applies to additional single contributions as well as any changes to existing regular contributions in place.

How do the fees for the transfer in of cash benefits work?

If the adviser presents correctly completed discharge forms together with the SIPP application and is prepared to chase the old pension scheme up to the point of the transfer being executed, no transfer fee will apply. Alternatively, if we arrange it we will charge £20 per transfer, and if handling multiple schemes transfers at the same time, this fee will be capped at £200.

How do you charge for the transfer in of partially crystallised funds?

In order to accept the transfer in of partially crystallised funds, a SIPP with a minimum of one plan and one sub-plan must be established. The plan will receive all uncrystallised transfers and, under legislation, the other sub-plans (which are separate arrangements) receive the crystallised benefits. The sub-plans will be fully crystallised. Normal full establishment and annual administration fees will apply to the SIPP. Each sub-plan containing crystallised benefits will attract fees for Drawdown designation.

What are your charges for going into Capped or Flexi- Access Drawdown for?

The establishment of Flexi-Access Drawdown fee includes valuing the SIPP, calculating any applicable PCLS, providing a benefit crystallisation certificate and any reporting requirements applicable at the time.

In addition, the Annual Drawdown fee will be payable when you are in Capped or Flexi-Access Drawdown. This fee covers the work required to reconcile and revalue the SIPP in accordance with legislation and then pay benefits, this also covers the administration of PAYE payroll, deduction of tax if required and making the appropriate returns to HMRC. Also included is the facility to vary the level and frequency of income payments.

For clients who elect the phase their Capped or Flexi-Access Drawdown an additional one off fee will be paid for each separate crystallisation, The additional tranche of Capped Drawdown fee also includes a recalculation of the maximum income as standard.

Investment-related fees

Do your fees include the stockbroker's, etc., fees?

No, our investment transaction fees relate to the recording and reconciling of investment transactions by us and do not include third parties, such as stockbroker, investment manager or nominee fees and charges.

General

Do your fees increase?

On 1st October each year the SIPP annual administration fee and will increase in line with the rise in the Average Weekly Earnings (AWE) index over the previous year. If the AWE ceases to be published, or if the calculation of the AWE is altered we may substitute a comparable index. We may at any time increase or amend all or any of our fees or charges payable from your SIPP in such a manner as we may determine. We endeavour to ensure that our fees remain competitive for the benefits of our clients.

Do you receive any other income in relation to my SIPP?

Our active management of customer cash means we can credit our customers with a competitive rate of interest. We retain some of what's earned so we can keep our charges low, as well as investing in our technology and propositions, and in providing higher service levels.

Our aim is to deliver excellent financial outcomes for our customers, and ultimately help make their retirement more rewarding.

Details on our sharing policy are displayed on our website at www.talbotmuir.co.uk/bank-interest-for-sipps-and-ssass/ along with the actual rates applied to customer accounts, and the level of cash interest rates retained is shown on client illustrations.

Where insurance is arranged for commercial property via our Block Insurance Policy, Talbot and Muir do receive a share of commission payable.

Are there any other fees?

We reserve the right to charge for additional services on a time-cost basis relevant to the expertise and seniority of our staff involved.

Is there anything else I should know?

All expenses, charges, and outgoings whether in respect of the investments contained in your SIPP or other expenses however incurred shall be charged to your SIPP. In the event of a levy being made on us under the Financial Services Compensation Scheme or any levy or taxation being imposed on us or your SIPP under any statutory provision affecting the business of SIPP providers, operators, administrators or insurance companies, we may recover from your SIPP an amount equal to the proportion of such levy or taxation that we may reasonably determine. This will be on a basis similar to how the levy, tax, liability, charge or other payment has been calculated.
